**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We had previously had our landline phone and internet service with AT&T, (for years). Their rates were becoming higher and it was of no avail trying to negotiate with them. Our income is just above their low income requirements.

We enrolled with Sonic last October and could not be happier. When our first year is up their rates will still be lower than AT&T and their service is great. We got to keep our landline phone which was important to us as our power goes out in the stormy winter weather.

Sonic is also good to their employees. When the Wine Country/North Bay Fires occurred last year they helped their employees and their four legged family members with shelter. It doesn't get much better than that.

Please support them and don't do anything to stop their service. There is enough business out there for everyone.

Thank you,

Yvonne and John Crowley
